Colourful Noise

PURIST ARE AN ELECTRONIC POP BAND FROM BRATISLAVA, SLOVAKIA. AS THEIR NAME SUGGESTS, THEIR SOUND IS BASED ON THE IDEA OF PURITY, CLEAN ARCHITECTURAL LINES AND SHAPES, NATURAL LANDSCAPES OR EVEN VARIOUS TYPES OF ART AND DESIGN.

In July 2012, Purist released a self titled EP followed by 'Introduction Tour' in Slovakia and Czech Republic. Their single 'Renaissance' quickly gained media attention, music video was streamed on MTV Czech and the single topped Slovak radio chart on Radio FM for 3 weeks. In their short history they were even nominated for the 'Best Newcomer' prize on Radio Head Awards 2012.

Last year Purist performed on internationally renowned festivals such as Electronic Beats, Pohoda Festival, Grape Festival, Open'er Festival and the only showcase festival in Slovakia – Waves Bratislava.

They have recorded their debut album 'Colourful Noise' in Red Bull Studios Copenhagen which is set to be released in autumn 2014.
